

# Marley's Mail – April 2021

## Marley's Notification

*It is Official* – We have taken handover of the new Showroom/Units on McLaren Avenue. All I can say is congratulations Marley's Transport, they look amazing. Our new occupants are very happy with their new working facilities.

Attached to this email are the new traffic management requirements for the Hope Valley Depot and Units 3(Customvac), 2 (Marley's) & 1 (Milnes).

We still have some finishing touches to do – External to the building: Line marking – Truck Parking & Signage to be completed in the coming weeks. Internal – Shifting and sorting areas within Unit 2.

*Parking-Hope valley* – Over the last number of months parking as we all have been aware has been challenging. However, now that we have completed the construction works on site it is advised that all employees are to park their vehicles or bikes within the yard parking bays.

Visitor's parking bays at the front of Armstrong Road entrance, Gate 2 is to be ONLY used for VISITORS. The front bays next to the visitor's bay is allocated for administrative staff – please refrain from parking in these bays if you do not work in these areas.

*Site Speed* – 10km/h. All are to ensure that when entering, exiting or moving through the yard to please comply with this requirement for everyone's safety.

*CBH – Regans Ford* – Just a friendly reminder to all that the toilet facilities are open 24 hours a day for all to use as required.
