Marley's Transport would like to thank all of our team for their hard work and effort during 2018.

We wish you all a Merry Christmas and a Happy New Year and look forward to seeing you all in 2019.

MARLEY'S REMINDERS

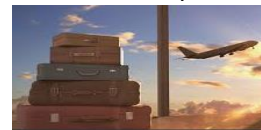

Drivers - The roads will begin to come alive with holiday makers towards the end of this month and into January, please stay alert to enable all to get to their desired destinations during these times.

Holidays - Marcus is heading off on holidays for 7 weeks, yes I said 7 weeks for a well-deserved break towards the end of December.

During this time Ty will be assisting with any of the technical requirements that may arise.

Have a great holiday Marcus and see you back on board in February

Reporting Faults for Fleet - All faults identified by drivers can now be reported via the in vehicle tablet – within Talon select the fault reporting section > Driver selects one of the predefined categories > submits – This alert is sent to Maintenance Manager for actioning.

Applying for Leave or updating your details - We have a new system in place for lodging your application for leave or updating your details. Home screen of your in vehicle tablet > Marleys forms > select Leave or Update details. Once completed this will automatically be sent to your line Manager for review.

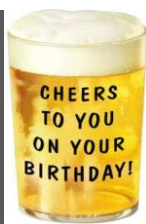

Sending Birthday Wishes To:

James Cook – 11 Dec

Matt Molloy – 24 Dec

Brett Rowland – 27 Dec

Peter Anderson – 29 Dec

Many Happy Returns to all on your birthday celebrations

We pride ourselves on providing a reliable and efficient transport service to our customers

Stay Safe during the Xmas Season

1. Turn off the power before entering the ceiling space
2. Make sure that your insulation does not cover any downlights
3. Check that your Christmas decorations are suitable for outdoor use, the label will advise.
4. If accessing your roof or the guttering to apply your xmas lights or decorations, ensure that your ladder is on a stable ground surface and is secured into position.
5. Look up and live - make sure that your ladder or you are not exposed to any live or overhead powerlines
6. Make sure that your xmas lights are not overloading your system - are they to Australian standards...When was the last time your RCD was checked?
7. When securing your decorations into the wall etc. make sure you don't contact any concealed cables.
- 8 & 9 If in doubt about overloading contact your licenced electrician, remember too many piggy back or adapters can be dangerous.

10. Extreme Caution - if running electrical leads from your laundry to outside, remember water and electricity don't mix...
11. Use a portable RCD safety switch for your xmas lights or decorative items.
- 12 & 14. Make sure that your xmas light or decorations don't come into contact with splashing from the pool or wet hands.
13. If doing some renovations during the xmas period make sure you dial before you dig - things happen when contact with underground electrical wiring or water pipes occur!!
15. Remember to turn your xmas lights and decorations off at night or install a timer.
16. Only use electrical appliances for their intended purpose.
17. Make sure that your xmas tree is secured to prevent it toppling over.
