## Marleys Workshop

The cogs always turning – a monthly Snapshot

Did you know?

On Average the workshop team perform 6 services @ 50 litres of oil per truck per service. This = **1200 litres of oil per month**.

Filter's (oil/air) – in any week the team change 4 filters per truck x 6 trucks per week. Total = **96 filters in any one month changed**.

Tyres (Rotations/changes/repairs) – On average 15 tyres are handled in some form by the team per day, this equates to **360 tyre movements** in any **one** month. That's a whole lot of man power and manual handling undertaken to keep your wheels turning each and every day. Just to add to the wow, that's **750 wheel nuts torqued!!**

Brakes – 70 trucks come through the workshop per week for a grease, brake adjustment or change = **1800 brake adjustments** undertaken per month.

Truck driver's interact with a workshop team member weekly face to face = **70 interactions as a minimum**.

**Manpower** – The workshop as you all know work in two time shifts:

Dayshift team x 3 workers, Afternoon shift x 5 workers + Byron, Greg, Dave (once a month), Russell occasionally + the go to man Frank. That equates to **500 man hours worked** every week.

I am sure you can appreciate how hard this small but efficient team perform each and every day to keep our trucks out on the road operating safely and reliably.

Next time you are in the workshop, take a moment to reflect the above statistic and give a shout out to these hard working tradesman, trainees and trades assistants.

*Marley's Transport would like to say thank you to our team and wish you all a very*

*Merry Christmas*

*We look forward to seeing you all in 2021*

## Marley's Share

**Personal Details** – It's important to keep your personal details up-to-date if you change your phone number, address or emergency contact please update via email to Salli at [hr@marleys.com.au](mailto:hr@marleys.com.au) or on your tablet via Marley's Forms.

**CBH** – On Monday 23<sup>rd</sup> November 2020, CBH communicated to all that they recorded their best receival day since commencement in **1933**. They advised that a total of **528,678.06 tonnes** was recorded throughout their 112 operating sites.

**Massive achievement** – *congratulation's on all those that played a part in this achievement*

# Marley's Mail – December 2020

50  
MARLEY'S TRANSPORT  
YEAR

ANNIVERSARY  
EST. 1969

Brent – MBL 21 Harvest 2020

*Snapshot 2020 – What a year, definitely like n-  
other.*

Over this year we have had some hurdles to leap over dealing and adapting with COVID 19. All of us have certainly had to work as a team to continue delivering and working when many others have not been as lucky.

We have had some changes in our team upstairs, we said goodbye to Jane and Angus and welcomed Salli, Jamie, Pierre and Ele.

**Building** – We added three offices upstairs to the admin building, commenced construction of the new building and shed's, which should be ready for operations and occupancy early 2021.

**New Equipment** – We built the hopper "**Sharyn**" to assist with loading operations at Hope Valley. Thanks guys ☺. Greg got a new vehicle – what a beast – jealous!!

**New Prime Movers** – Mbl 40 came into service, plus Ricky and Allan brought another two over the border in the last couple of weeks. These are currently undertaking fitout in the workshop.

**Trailing Equipment:** 4 new tippers (TP 02, 04,86 And 87), 1 Blower trailer BT 134, plus two more in shed 1 still undertaking fitout requirements and two Dolly's DL 17 & 32.

**Operations** - IT over this last year have implemented the new maintenance program, new weighbridge operations and Carlo scheduling program.

We celebrated a number of milestone birthdays and farewelled some long term drivers. Well that's it for 2020, thanks to all for being part of the journey.

Allan and Ricky crossing the Nullarbor Nov 2020

## Marley's Notification
