What's gone wrong:

INC - A driver was coming in the back gate at Wesfeeds, when a sub-contractor reversed back to move around and unload in the grid. As the sub-contractor was reversing, he didn't see the Marley's truck and backed into the trailer sustaining significant damage to the paintwork. **Please be reminded to always double-check your mirrors when reversing as you aren't only looking out for yourself.**

INC – A driver was entering the on ramp to the freeway and as he was merging, he clipped the front left-hand side of a car and smashed the left-hand mirror. **Always triple-check your mirrors when merging to make sure you are in the clear.**

Message from Frank:

Dear Marley's Team,

Any Marley's employee who would like to become a member of the Road Transport Historical Society (Road Transport Hall of Fame), Marley's will pay for half of your membership as a bonus to the value of \$37.50. It is a worthwhile society, so check out their website – roadtransporthall.com. Please contact Salli for further details. Thank you, Frank Marley

REMINDERS:

Feed Driver's have been asked to complete and provide con-notes due to customer request. We thank you in advance!

As we have now entered Summer, please remember to keep hydrated, wear long-sleeves when out in the sun, wear sunscreen when outdoors and stay in the shade where possible.

Staying hydrated is extremely important during this time of year as dehydration and heat stroke are more prevalent. Please make sure you bring water with you wherever you go and be reminded that the recommended amount of water is 8 glasses a day.
