**St Valentine's Day – 14th February**

24th Valentine's Day – The celebrations of love and affection. Named after Saint Valentines, a catholic priest who secretly began to perform marriage ceremonies for soldiers in the 3rd Century. Soldiers were forbidden to marry according to customs as the belief was that they must be completely devoted to Rome.

Valentine was found and jailed for his crimes. Whilst imprisoned, Valentine cared for his fellow prisoners and his jailer's blind daughter. Legend has it that he cured the girl's blindness and his final act before being executed was to write her a love message signed 'from your Valentine'. Valentine was executed on the 14th February in the year 270.
