

Marley's Mail – January 23

50
ANNIVERSARY
YEAR

ANNIVERSARY

EST. 1969

What's gone wrong:

A sub-contractor entered the CBH weighbridge in Quairading to complete his final gross weight and struck the left side of the weighbridge causing damage to the left side steer and drive tyre's, rim and side footstep. **When entering a weighbridge - wind down your windows to listen for voices/other cues, watch both side mirrors carefully and ensure you have adequate room. If you are uncertain whilst completing a task, Stop and Assess.**

A Marley's employee drove truck onto a customer's property and struck a low hanging tree, causing damage to the left side door. The driver thought he had clearance and decided to keep driving. **Please ensure you are aware of your surroundings and if there's any doubts, Stop and Assess. Furthermore, please report any incidents to management at the place of incident (not on return to site).**

A Marley's employee attended farm to unload feed into a silo. The employee has misread the paperwork, resulting in the feed going into the wrong silo. **Please ensure that you clarify correct silo as there have been reports of illegible handwriting on paperwork which is causing some confusion.**

Special Thanks

Trevor McGregor – Celebrating 4 years on the 25th of January.

Grant Mannington – Celebrating 5 years on the 29th of January.

Thank you for your hard work and dedication to the Marley team.

Reminder's:

Hot Temperature: As we are now in the core of summer, please remember to go 90km/hr when the temperature is above 38 degrees. Please also keep well hydrated and always be sun smart.

Sick Leave: When you have a day off due to illness, please ensure you are going to the doctors to get a certificate. Please put through a leave form straight away so HR/Payroll doesn't have to chase after it later in the week. Thank you :)
