**Thought of
the
Month ...**

In the past month there have been an increased number of incidents that could have been avoided if the drivers had slowed down, thought about the task at hand, and proceeded with caution. These incidents could cost you or someone else their life.

Returning you home safely every day is important to Marley's Transport.

Additionally, these incidents cost Marley's Transport money, potential lost time, and could have a negative impact on the company's reputation. Safety is everybody's responsibility.

SLOW DOWN, THINK ABOUT THE TASK AND ACT SAFELY!

REMINDER FROM CBH for Employees, Contractors, and Sub-contractors

ANY AREAS UNDER FUMIGATION

Unless authorised by a Licensed Fumigator, no person shall enter a grain storage or any area that is under fumigation.

ISOLATION OF ENERGY

No person shall work on or enter any equipment that has not been isolated from all sources of energy unless specifically permitted by an approved procedure for testing, commissioning or hygiene purposes.

DRUGS & ALCOHOL

No person shall bring, use or be under the influence of illicit drugs on any CBH premises. No person shall operate any vehicle (company owned or personal) on a CBH site or on company related business activities, at or above the prescribed statutory limits for alcohol.

MOBILE PHONES

Hand held operation of mobile phones is not permitted by a person in control of a vehicle (company owned or personal) on a CBH site or on company related business.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Safety glasses, sturdy enclosed footwear, long sleeved high visibility shirt and/or vest. Sleeves are to be rolled down when out of the truck. Shorts are acceptable.

TAILGATES

On all CBH Sites, **CBH Staff are NOT TO open any trucks' tailgates.**

Got something you would like to add to Marley's Mail... please contact Ivana on ivana@marleys.com.au or 9410 4611 and we can add it in for you.

Nationally Accredited Certificate III in Driving Operations

Would you like to get something for nothing? That was not a typo, but a genuine offer!

There is an excellent opportunity for you to obtain your Nationally Accredited Certificate III in Driving Operations (Heavy General Freight) during working hours and **while being paid** just for being an employee of Marley's Transport. This qualification

normally cost \$1000. If you would like to know more or register your interest please contact Chris or Ivana latest by 13th July to get your name on the list.

All hooking and unhooking of trailing equipment in Marley's yard is to be conducted by 2 people in the yard line up.

If required to be done alone, it must be done on a flat surface either in front of the workshops **on Armstrong Road side**, or in between the storage sheds.

I wonder how police on bikes arrest people...

"Alright, get in the basket"

A DAY IN THE LIFE

Up in the night before mornings light,
seeking my number between red n white.

Closing my door eighteen on the floor,
no time for talk cause I'm loaded for pork.

Rolling off slow with a long way to go,
three hundred K, GPS shows the way.

Oncoming lights some a very bright white,
driving on through the night to arrive in the light.

A smell in the air that can be hard to bare,
hook up the pipe n make sure it's tight,
check all your numbers. Make sure that
your right!

Frank said to listen, and feel the pipe, make
sure the feeds moving, make sure it sounds
right.

All pushed by air, there's no feed left in there,
back into gear feeling quite lite, the smell of
black coffee rising up from my right.

I'll go back three hundred,
but this time in light,
maybe getting reloaded before it turns night.

My trucks been inspected,
calculating skills tested,
it's time to head home so my body is rested.

I'll do it again just like its expected,
nothing on your fork if I don't feed the pork.

It makes a change from wheat n barley,
not a bad gig driving this rig for Marley.
