## Use of Mobile Phones

The following is an extract from the employee handbook which everyone has read and resides in each truck.

Use of company phones for personal use -

A—All personal phone calls will be charged and deducted from drivers pay at the discretion of the Payroll Officer.

B- Drivers have the option to complete a Phone Calls Register to prove work related phone calls to otherwise unknown numbers.

### Inside this Issue

- ⇒ Photo Competition
- ⇒ Phone Usage
- ⇒ New Employee Handbook
- ⇒ New Trucks
- ⇒ Birthdays
- ⇒ Merredin Fuel Bowser

### New Employee Handbooks

There is a new Employee Handbook which will start being placed in trucks as they come through the yard. This handbook replaces the old "Drivers Handbook" and is a replica of the Marley's Online Induction so you can refer to it at any time between your online inductions.

### Thought of the Month

#### CBH Survey

In the coming weeks a representative from CBH will be catching up with all/any CBH contractors including truck drivers to get their feedback and perception on safety. Marley's have committed to assisting with this process. Please take the time to carry out this survey as accurately as possible. These should be conducted while you are waiting to load/unload etc and should only take 1/2hr. If you have any queries please contact Marcus in the office.

#### Inspiration

No man was ever great without some portion of divine inspiration

Thanks to everyone who sent in a photo, please keep them coming. Please remember when emailing them please send as large format.

**We pride ourselves on providing a reliable and efficient transport service to our customers.**

Frank, Greg, Russell, Peter, Dave and Shane were very lucky to spend four days fishing in The Abrolhos Islands. They had great weather catching a variety of fish including a few crayfish. Thanks to Shane for organising his Uncle and his boat.

**MERREDIN FUEL BOWSER**

- \* If you plan on getting fuel from the Marley's bowser in Merredin you will need two electronic keys
- \* There is a round grey key tag which belongs to the truck and should be on the truck keys
- \* Each driver needs to be issued a white credit card style proximity card
- \* To get fuel you must "touch" both of these (in either order) to the front of the fuel bowser console
- \* It will ask you to enter your truck kilometres (please enter them accurately)
- \* **Not everyone and every truck has been issued the cards and tags yet, only those that are based in Merredin**
- \* When the new yard is up and running everyone will be issued with new tags as the new yard will operate on the same system
