- ⇒ Safety reminders
- ⇒ New Compliance Officer
- ⇒ Birthdays

## Thought of the Month

## FATIGUE COMPLIANCE

Marley's Transport is currently in the process of a strong focus on driver fatigue management compliance ensuring that drivers understand fatigue requirements, and to properly distinguish and record driving time, non-driving time, rest, and non-work time.

Marley's has already started re-training drivers. The purpose and aim of this training is to rise the awareness of drivers fatigue management requirements, and to emphasize the importance of accurate recording of timelines and other relevant information.

If you are in doubt or have any questions about your driver fatigue management and/or how to record your timecards, please do not hesitate to contact your supervisor or scheduler who will together with our new compliance officer provide adequate counselling and advice on that matter.

Marley's is using this opportunity to thank all drivers whose timecards are recorded as per fatigue requirements, and to remind other drivers of following:

- ⇒ Submit your timecards after every shift,
- ⇒ Sign daily check,
- ⇒ Accurately record your timelines and other required information

Thank you all for you efforts and understanding.

Got something you would like to add to Marley's Mail... please contact Ivana on [ivana@marleys.com.au](mailto:ivana@marleys.com.au) or 9410 4611 and we can add it in for you.

**We pride ourselves on providing a reliable and efficient transport service to our customers.**

RECEIVED  
23 APR 2015

**THANK YOU** from  
**Mailrock Farm, Brookton**

Compliments to your team of drivers for their prompt, courteous, and professional service. We will do it all again in March 2016.

Thanks, Anna

*George*

Please find enclosed *payment / Invoice # 83188 for Lime Cartage*

*Compliments to your team of drivers for their prompt, courteous and professional service. We will do it all again in March 2016.*

*Anna. Thanks.*

Due to complaints and feedback we received from CBH and in order to minimise incidents, all drivers are to ensure that they come to a **COMPLETE STOP** and check for other vehicles when exiting all CBH sites that do not have a slip lane. There have been some near

miss incidents when exiting CBH sites which could have been avoided.

Remember, **SAFETY is a paramount.**

- ⇒ Drivers who have their trucks in the workshop should be resting in the kitchen and recording this as 'Rest from work' time. This is for both fatigue management and safety reasons.
- ⇒ Drivers must ensure that both trailer and truck brakes are applied before getting out of the vehicle.
- ⇒ Drivers must use three points of contact while entering and leaving the truck cab.

**PARKING A MOTORBIKE ON MARLEY'S SITE**

Motorbike riders please be aware that the number of parking bays for private vehicles is limited.

Please ensure to park your motorbike across parking bay (not along) and to leave enough space so that at least **3-4 motorbikes** can park **in one parking bay**. The best parking bays for

motorbikes is on the north side of the workshop, or either of the two bays nearest the alley between the storage sheds.

**Happy Birthday to May/June babies!**

**STAFF PROFILE:**

**Meet Chris Schroeder, Marley's new Compliance Officer**

Chris' favourite saying  
"Facta Non Verba" ("Actions not Words")

Chris was born in Frankston, Victoria and grew up in WA. Due to his work commitments, Chris has been moving around Australia for several years. He moved back to Perth in April this year. Chris is a bit of a fish: he is a dive master and technical diver and one of his hobbies is scuba diving. His other hobby is historical miniature wargaming. The most daring thing Chris would like to try is sky diving. If Chris won a million dollars he would never "work" again- he would put the money in the bank and live off the interest which would enable him to travel Europe with his son and fiancé who is according to Chris the most kind person he has ever met. If anyone was to offer Chris a car he would love a 67 Mustang. And, if you want to know which is Chris' favourite AFL club, the clue is the colour of this text...the more obvious clue is Chris' hat.
