

# Marley's Mail – October 2023

## Warmer Weather:

As we are now getting into the warmer months of the year, we need to be mindful of our hydration and sun protection.

When you are out in the sun, please ensure you have sunscreen on and a hat on your head. Always try to seek out shade when you can to avoid dehydration and sunburns.

Hydration is extremely important in the warmer months as it is a lot easier to become dehydrated. Please try to make sure you are carrying a water bottle with you and that the water is being drunk as we lose our fluids a lot faster in Summer.

Enjoy celebrating your special day!

The overall objective of World Mental Health Day is to raise awareness of mental health issues around the world and to mobilize efforts in support of mental health.

## What's Gone Wrong?

We have had two incidents over the past month regarding cars either brake checking or pulling out in front of our trucks.

**Please be reminded to always expect the unexpected and to always be prepared for all situations.**
