SITE INDUCTION CBH

CBH Kwinana has introduced a new site induction. Drivers must produce their drivers licence, read and sign a short induction. You will need to keep the induction slip in the truck/on you for future visits. They will eventually come up with a Site Pass style card system. Please co-operate with CBH staff in achieving this.

*** Don't forget your **LONG SLEEVE HIGH VIS** shirt when on CBH site ***

RISK MANAGEMENT: STEP 3
CONTROL THE RISK

To apply a 'control' is the way we REMOVE or REDUCE the risk of a hazard becoming 'REAL' to protect PEOPLE, PROPERTY or ENVIRONMENT

Hierarchy of hazard control

Try each step until you control the hazard.

Online Inductions

Marley's has now been conducting its inductions through an online portal for over 12 months now.

As part of our TruckSafe requirements each employee is required to repeat this induction every 12 months. This keeps everyone up-to-date with any company or legislative changes. Some of the benefits of this system are: Participants can go at their own pace, visual aids to help demonstrate important information, can be accessed from anywhere, and questions test participants understanding. Assistance is always available from the Marley's office or Rapid Inducts 1800 307 595.

We pride ourselves on providing a reliable and efficient transport service to our customers.

WORKSHOP REQUEST

Fault report books —please remember to write the truck number and date on all reports before handing them into the office. Don't leave them in the book!!

AUDIT

We recently passed our Truck Safe Audit. Thanks to Rosie, Ivana and Marcus for all their ongoing work towards this.

Speeding - Thank you to the drivers who stick to the speed limit. However we still need to slow down especially on customers farms and various sites such as CBH, Milnes and Wesfeeds.

Congratulations to Ivana who got married on 27 March. We wish Ivana and Randal all the best in their future lives together.
