

Marley's Mail – February 2022

50 YEARS OF TRADING
YEAR

ANNIVERSARY
EST. 1969

Did you know????

An octopus has three hearts, nine brains (one in each of its arms and a central brain) and blue blood?

February is the only month that can pass without a full moon.

The total weight of all ants on earth is greater than the total weight of all humans on the planet.

The smallest bone in a human body is found in the ear

Marley's Notifications:

Refresher Fatigue:

Please remember if you are driving for **5 hours**, the requirements are that you are to undertake a resting period of **20 minutes**. This can be completed in 1,2 or 3 short breaks but must equate to at least 20 minutes.

7 hours resting between shifts is the minimum requirement.

If you are performing loading requirements at CBH, farm etc please ensure you are recording this on your tablet as working, but not driving.

Resting – if you are at a roadhouse getting food in a truck stop eating, using the facilities – this is recorded on your tablet as resting.

Incident events:

1. A hatch cover on a walkway was not interlocked in place properly at a CBH site – driver walked over it, as he did, his boot caught the lip, he tripped, fell forward on hands and knees on the ground sustaining injuries. **Hatch cover has been inspected, replaced into correct alignment and inspections of the area performed daily. Please maintain awareness of your surroundings, especially if walking on elevated surfaces in dusty conditions.**

2. Traffic Infringements – Over the last 6 weeks we have recorded 7 speeding events at one location.... If you are travelling on Tonkin Highway, Near Broun Ave in Embleton, and you exceed 80 Km/h, **SMILE**, the camera will take your picture as you go past, and your wallet will be emptier **\$\$\$\$\$\$\$!!!**

3. Awareness – **Always expect the unexpected.** A driver was travelling down Bedforddale Hill, through the lights onto Armadale Rd, as he rounded the bend a van pulled out from the side road a distance ahead of him. The van as soon as the railway lights activated his brakes and came to a stop – the truck was fully loaded and travelling 20km/h below the speed limit and was not able to stop his combination in enough time and rear ended the van carrying occupants, pushing it forward over the white line and into the yellow rail crossing section, stopping just before the lowering boom gates. **Always allow enough distance in front of you for any emergency.**

4. **Treat people** as you want to be treated yourself – It has been reported and highlighted over the last month that we may not be communicating with each other in a respectful manner.

Please consider how this could affect others and how this reflects on Marley's as a company. We understand, we all have off days, but ensure that the line is not crossed where we are deemed confrontational or at worst aggressive.

MINDSET IS EVERYTHING!

Marley's Mail – February 2022
