Bigger & Better 2021

Marley's new building – CustomVac and Milnes will shift from sheds 1 and 4 over to the new building. The toy store will be relocated to the back of the new building. Sheds 1 and 4 will then be used for bulk storage and Greg will use the old toy store as workshop storage facility for his parts and goods.

Watch this space for the wash bay.....

Notice that Mauri Anz (Wesfeeds) will be shifting from their current site in the next number years to next door to our Hope Valley Depot, building process will commence construction during these times.

The block next to the new building has also been brought by Marley's and this will be used as a parking bay for Heavy Vehicles – Construction of the ground surface will commence early 2021.

Marley's are also looking at the acquisition of three blocks across the road to the new yard, where they hope to build additional sheds as a holding area for our customers. Watch this space.

We pride ourselves on providing a reliable and efficient transport service to our customers
