Marley's Notifications:

Hot Temperature: As we are now in the core of summer, please remember to go 90km/hr when the temperature is above 38 degrees. Please also keep well hydrated and always be sun smart.

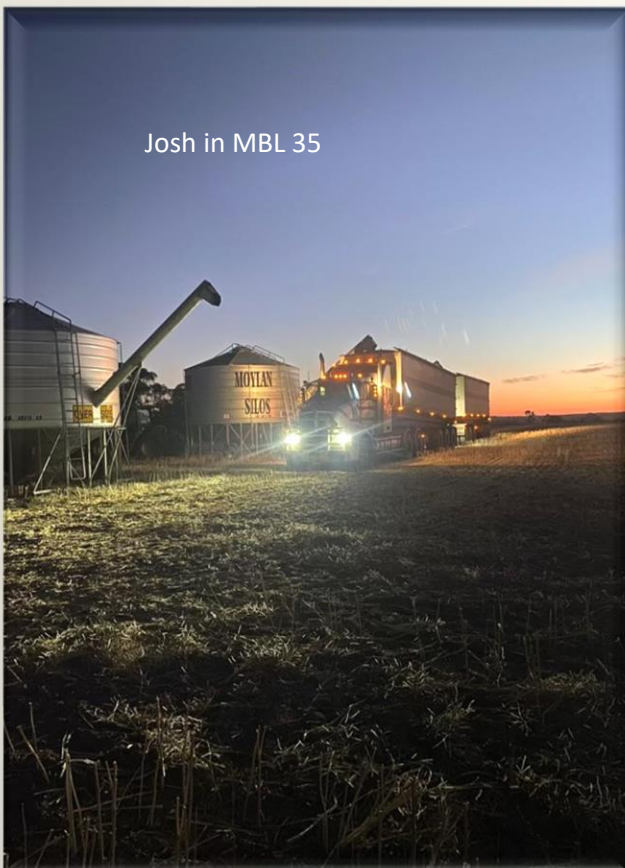

Freeway/Highway Driving: We have over the last number of months recorded several merging incidents, some our fault, some not our fault. This is a friendly reminder to all to remain in the left lane unless overtaking. If you must change lanes, please check all your mirrors to ensure no one is in your blind spot, indicate and look again before moving.

We know and respect that during your travels you experience people doing crazy manoeuvres, we understand that this can test the patience of anyone.

If you have one of these moments, please take a deep breath, show strength in your character and drive in the manner that Marley's Transport drivers are respected for.

Congratulations to Mr and Mrs Jeremy and Karen Christison on their recent nuptials.

2021 – what a year!

This year threw us some challenges, we took on these challenges and have come out the other end, like all with a new resilience. We thank you all for your cooperation during this last year and together we can all move smoothly into 2022. To those that have left us we wish you good luck and to those who have joined us Welcome.

2022 Plans – This month or early next month, we take delivery of our new dual level mobile platform. This will enable us to perform many varied tasks around site, on truck or trailers in a safe manner.

We commence early 2022 a new build across the road on McLaren Avenue. This will comprise of 4 new storage sheds, automatic drive through truck wash and an office complex. Very exciting – Marley Transport – Expanding.

Welcome new members to the
