TAKE DIABETES 2HEART

diabetes
australia

Too many Australians with Type 2 diabetes are in a bad relationship with their heart.

People with diabetes are between two and four times more likely to develop heart disease. It is estimated that between 11,000 - 33,000 Aussies will suffer a diabetes-related heart attack.

Type 2 Diabetes – Associated with **modifiable** lifestyle Risk Factor – Develops usually in adults over 45 and represents 85-90% of all cases of diabetes.

Some first signs can be - foot ulcer, vision problems or a heart attack. Management - regular activity, healthy eating and weight reduction.

A Blast from the Past

Sending Birthday Wishes To:

Michael Underwood – 3rd July

Patrick McDavitt – 25th July

Let yourself do anything that you like most on this day.

Happy Birthday Team

DID YOU KNOW

The largest cattle station in the world is located in South Australia and it's bigger than Israel (Anna Creek Station)

Each week there is an estimated 70 tourists that overstay their visas (who can blame them)?

The first Police Force in Australia was made up of the most well-behaved convicts

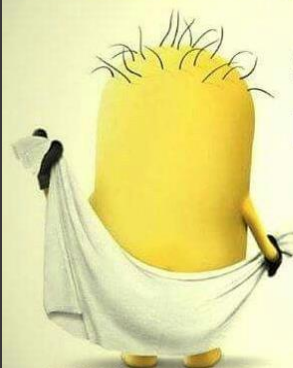

It would take around 29 years to visit one new Aussie beach every day (there are 10,685 of them)

Australia's Capital city, Canberra, meant "woman's cleavage" in Aborigine and was named that because the city is cradled between two mountains

AFL (Australian Rules Football) was invented to keep Cricketers fit in the off season, there are claims that the game may have been influenced by Indigenous Australian

Safety Alert!!!

Never Sing In The Shower

Singing leads to dancing,
Dancing leads to slipping
and slipping leads to
paramedics seeing
YOU NAKED,

So REMEMBER Don't SING
