Father/Son

DRY JULY:

Have you ever thought about giving alcohol a miss for a night or two? July is now your chance to give alcohol a miss for an entire month and to help donate and raise money for cancer support.

To sign up or donate please visit dryjuly.com. Going alcohol free for a month can bring many health benefits such as improved hydration, healthier liver and improved weight loss.

Incident Events:

Traffic Accident – A driver was changing lanes from the left-hand lane to the right-hand lane on Welshpool Rd East. The driver on this occasion allowed his frustration to affect his decision making and during movement did not ensure there was sufficient clearance to enter the right-hand lane. Substantial damage was sustained to a 4WD from this action... **Drivers to remember that your decision making can have serious consequences to others and our reputation.**

Electrical Safety – A worker was assisting one of his teammates as he was walking past. He was asked to connect a tool to an extension lead – as he did this, he sustained a heat burn from a damaged electrical lead. **Electrical incidents are very serious and can cause death. All leads directly after usage are to be removed and hung in the correct storage location to ensure damages cannot occur. Sharing the event with all to discuss the risks and implemented controls has been undertaken. Monitoring is continuing.**

Equipment Damage – A driver was at a chicken farm early in the morning. He had completed unloading into a silo and was required to move to the next silo to discharge more feed. The driver commenced movement around farm without lowering the elevated auger. The auger swung out during travel and contacted a silo causing damage to silo and auger. **At NO time is it approved for a prime mover and its trailing equipment to move in between silos or around any site with elevated equipment. All augers/tippers/booms to be lowered completely and secured in the cradle during movement.**

I never use my
TURN SIGNAL.
It's nobody's
business where
I'm freakin'
going.

Jason Reid in MBL 34 at ANP Millbrook Farm

Happy Birthday To:

Sean Dickson – 1st of July

Micheal Underwood – 3rd of July

Jorg Kreischer – 14th of July

Salli Hodgetts – 15th of July

Matthew Halliday – 23rd of July

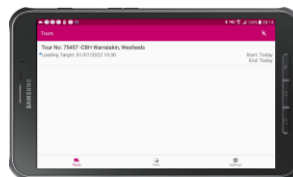

IN TOUCH

Did you know you can access most of your jobs through an app of your tablet called Intouch?

Marley's are now sending job information to the tablet via Intouch. It contains pickup and delivery information, products, weights, contact information etc

We are making our way around training staff up on how to use the app. If you would like assistance please contact Jordan, Ty or Marcus and they can get you setup.

More to come in future issues.....

Ricky in MBL 50 at Statewide Grain Cleaners

Dave Page in MBL 9 at Mogumber

Special Thanks

Lesley Simpson - Ccelebrating 10 years working with Marley's. Lesley came to us from Milnes 10-years ago on the 30th of July 2012 and joined the team when we were located at Noble Street. Marley's would like to say Thank You Lesley for your commitment and dedication to the family and the business over the last 10 years. Congratulations Les.

Ty Jackson - Ccelebrating 5 years with the Marley's team on the 17th of July. Tye commenced working with the workshop team for a few years and then transitioned over to IT, working with Marcus managing and maintaining our systems. Thank you, Tye, for your dedication and devotion to Marley's over the last 5 years, we look forward to many more in the future.

We pride ourselves on providing a reliable and efficient transport service to our customers
