## Reminders

**Tailgating:** Please ensure that you are leaving a large enough gap between you and the vehicle in front of you to ensure that you have enough time to break if something comes up with the vehicle in front.

**Communicating with each other:** Please be reminded to ensure you are communicating with each other if you are going to overtake another truck. We have had reports that no communication is occurring between drivers.

**PPE:** Please be aware that when you are on any site, you are required to wear your PPE gear. This includes wearing hi-vis clothing and having foot protection that covers your toes.

**Speed:** Please be reminded to always adhere to road conditions and ensure you are at the correct speed no matter where you are.

### End of Financial Year:
