Reminders

Parking: Please ensure that you are parking in a parking bay before parking near Gate 3, as it is starting to block car traffic. Go around the whole yard and ensure there are no bays available before parking there.

Dockets: We cannot stress enough how important it is to make sure your dockets are in at the end of every day, as some customers are requesting them. If you are unable to physically hand them in, please email them to alerts@marleys.com.au.

Signatures on Timesheets: Please be reminded to sign your timesheet, as it is a confirmation that you are fit to drive.

Wet Weather: Now that we have officially entered Winter, please be reminded to take extra care out on the road, especially when it is wet. Ensure you have your lights on and make sure there is plenty of room between you and the vehicle in front.

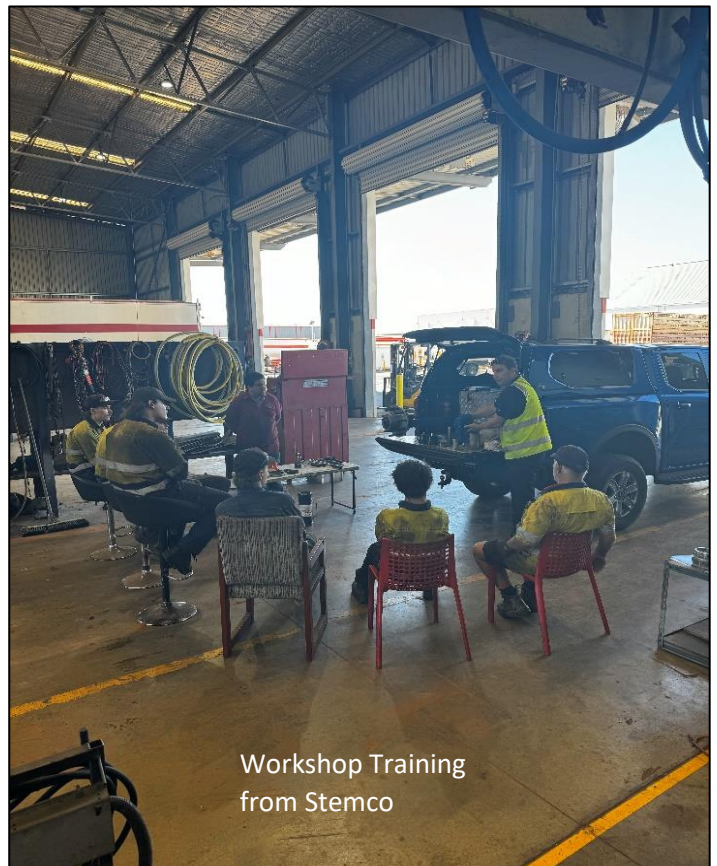

Daily Checks: Please remember to include a tug test in your daily checks to ensure the functionality of your trailer brakes. To perform the test, release all brakes and start moving forward slowly. Engage the clutch to allow for a gradual roll, then gently pull on the trailer handpiece to bring the vehicle to a complete stop. If the vehicle fails to stop, it indicates a problem with the trailer brakes that must be addressed before continuing to drive. Additionally, ensure you conduct a thorough daily inspection of your trucks and promptly report any damage or issues to management.

Thank you for your assistance 😊
