Reminders

When you are finished with your old con-note and timesheet books, please throw them in the bin as we already have the original copies.

It is Test Weigh Month again, so when you are loaded and close to Marley's, please call in to do a test weigh!

Just another reminder to hand in your paperwork and timesheets daily.

Please clean out your trailers between deliveries to prevent contamination.

Please be aware that logging in later or logging off earlier will not stop you breaching fatigue. The ignition on and off times are recorded and tracked. Please log on when your ignition is on. This helps us to track fatigue and keeps us compliant.

We thank you for your cooperation! 😊

Special Thanks

Shane Gatti – Celebrating 11 years on the 5th of March.

Mark Bradshaw – Celebrating 4 years on the 24th of March.

Bill Kealley – Celebrating 18 years on the 3rd of March.

We thank you for your commitment and dedication to the Marley team over the years!

Healthy Heads App for iPhone and Android:

Snippet from a magazine:

Life on the road can be stressful and lonely, and truck drivers have a higher chance of developing depression than the general population. Lack of physical activity and poor availability of healthy food choices can also contribute to a range of health conditions, from obesity to diabetes. The Healthy Heads app is designed to provide everyday access to mental health and physical wellbeing resources and information. Features include wellbeing check-ins, fitness content like stretching exercises, and links to crisis support.
